Ask Your Dealer For These **WM. J. SMITH MUSIC CO. CHORD BOOKS**

THREE WONDERFUL BOOKS, each containing all the principal chords. These chords are shown in musical notation, diagrams and photograph reproductions of how to place the fingers.

EVERY CHORD IS PICTURED SO THAT YOU CAN PLAY AT ONCE, EVEN THOUGH YOU DO NOT UNDERSTAND MUSIC

In addition each book contains an attractive collection of songs with both words and music, illustrating the practical use of the chords for accompaniments. While these songs will appeal to those who read music, they are arranged so that they are of equal value to those who perform by ear. This is made possible by placing under each chord its proper name in all the accompaniments.

SMITH'S CHORDS *for* GUITAR

A BOOK THAT MAKES CHORD PLAYING EASY

The method employed first explains the three primary chords of a key, and then gives copious examples showing how these three chords are used in accompaniments. Photographs and diagrams are employed for explaining the chords.

THE BOOK ALSO CONTAINS 33 SONGS WITH WORDS AND MUSIC

PRICE IN U. S. A., 75 CENTS
